MESSAGE

"Rain becomes the cause of all life."

Dear Students, Teachers, Parents and Well-wishers,
Greetings from The Paradise Paradise International.

We all are gifted with life on earth. While we rejoice with the gift of our human life, let us not forget that our life is heavily dependent on everything around us, particularly nature. We live because the nature around us lives. And everything lives because the earth receives the gift of rain. The rain we receive is not merely water from above, rather every raindrop is life in itself and that it generously showers life on to everything. Every culture celebrates rain as a gift from the Divine as it gives nourishment and abundance.

"Rain nourishes the earth and all beings.", words from the Rigveda reminds us how all forms of life are interwoven among ourselves. There are special ceremonies that are organised to welcome rain in many parts of the country, as rain influences the spiritual and cultural fabric of our nation. If there is no rain, the very harmony of nature will be challenged, rather will become non-existent. The earth awaits the rains. Saint Kabir portrays the importance of rain as, **"When clouds rain and water fills, the hope of life awakens."** The very first rain in a year draws out the very aroma of the soil, bringing smile on the farmers.

Remember friends, every drop of water saved is precious to our very own life. Let us help to keep alive the cycle of life by preserving water through harvesting it and avoiding misuse. Let us continue to appreciate this Divine gift. Nurturing nature has to be our prime responsibility.

Dear students, the First Terminal Examination is knocking at the door. Have self believe; at the same time, know that only hard work pays. Prepare yourself well, success shall be yours. All the very best for your examinations.

FRIENDSHIP DAY

Friendship is the sweetest gift in a child's world - a magical blend of shared laughter, quiet comfort and endless play. This Friendship Day, our campus transformed into a vibrant hub of warmth and connection as our little ones celebrated the true spirit of togetherness. Here is a glimpse into how our kindergarteners made the day unforgettable:

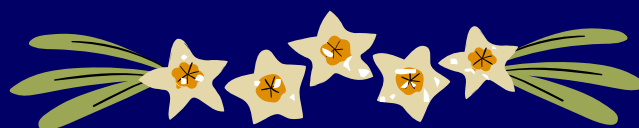

Tying the Thread of Togetherness: Tiny hands were busy all morning exchanging colourful friendship bands. Each band tied represented a promise to share, care, and stand by one another through every playground adventure.

Sweet Moments, Sweeter Friends: The celebration reached a tasty high note as the children shared sweets with their classmates. Learning the joy of sharing over delicious treats made the day extra special and reinforced the value of kindness.

Little Feet, Big Energy: The highlight of the day was an adorable dance performance by our kindergarten stars. Donned in bright outfits, their lively moves and cheerful smiles stole everyone's hearts, turning the stage into a sea of applause and happy faces.
